

**Orewa Kāhui Ako  
Learning Support Register Consent Form for Parents/Caregivers**

Dear Parents/Caregivers

The Ministry of Education is introducing a new model for Learner Support. We are implementing this model in schools across the Orewa Kāhui Ako.

The aims of the Learner Support Model include:

- Working together to identify needs and set priorities across learning communities.
- More flexibility to create learning support that is innovative and responsive.
- Facilitation to bring together local education and service providers to work collaboratively.
- Sharing data to get a clear picture of local needs, resources and response options.
- Enhance family and whanau connection points.
- Enhance student learning.

In future, at enrolment, the attached permission form will be completed by all parents/caregivers. We are asking parents/caregivers of current students (up to Year 10) to complete this now so we can begin to implement this support.

Please read the information provided, including privacy and sharing information, sign and return it to your child's homeroom/form teacher.

If you have any questions, please contact [l.evans@orewacollege.nz](mailto:l.evans@orewacollege.nz)

Yours sincerely

Leanne Evans  
Orewa Kāhui Ako  
Across School Coordinator, Learner Support
