## **Our Mission**

To actively prepare each child to take responsibility for their own life-long learning, values and behaviour, in partnership with the home and community.

## **Our Values**

We are a values-based school where we put the emphasis on ethical and emotional intelligence, deepened relationships, social cohesion and a strong values culture.

### **Our Silverdale School values are:**

**Kindness / Atawhai**

**Excellence / Hiranga**

**Respect / Whakaute**

**Integrity / Ngākau pono**

As a school we strive to support our whanau and community to establish strong values in our children. We look forward to working together with you to instil these wonderful values in our tamariki.

## **Welcome**

Welcome to Ayana Justin, Blake Norris, Brigita Van Elst, Brodie Easton, Caylee Herbst, Chloe Pescott, Emily Zhang, Ezra Ku, Henry Peach, Jainil Patel, Liam Schneider, Maddie Hendry, Meyly Ong, Stella Purchas, Tomas Purchas, Tareeq Damonze, Ocean Morales, Jonty Thompson, Rongchen Zhang and Wiremu Hobson. Our current roll is 798.

## **Happy Birthday**

Happy birthday to Poppy Coleman, Mikayla Hand, Zoe Thomas, Eva Shukla, Nathan Lin, Luke Walker, Jake Anderson and Ivy Li.

## **Hats**

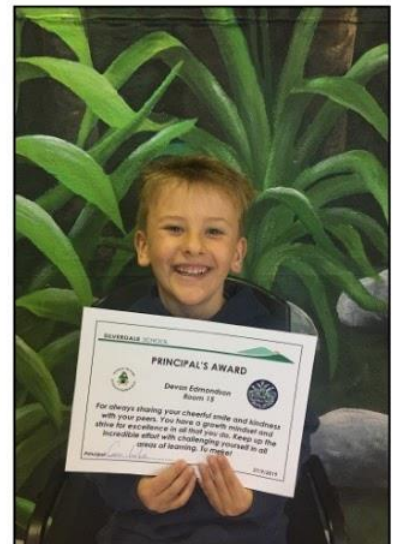

School hats will be compulsory during Terms 1 and 4. Any child who does not have a hat during outside time will have to report to the seat outside the staffroom. They will be gathered together and required to undertake some Sun Safe activities until their hat is worn. Please ensure that your child does not use someone else's hat.

## **Proposed Year 5/6 PE Uniform Changes**

After discussions with the Year 5/6 teachers and children we are wanting to stop the Year 5/6 children having to wear a PE uniform. The PE uniform was introduced when we had Year 7/8 students. We are finding that our Year 5/6 students don't require a separate PE uniform. One of the main reasons is that the children are getting changed into their PE uniform in the toilets, not an ideal place to get changed. The school would buy the left over stock and use this for our school sports teams. Please contact me with any feedback about this proposal by Wednesday 23 October.

## Principal Award Winners

Well done to the following students who received principal awards at our last assembly last term.

## School Donations

Our school donation is \$200 per child or \$50 a term. This money was used to pay for a large number of additional curriculum resources, subsidise a number of school wide activities such as swimming, production, art, dance and drama resources, sporting functions, developmental material and related photocopying and other essential resources. No child was excluded from using these resources but it does seem that quite a number of families relied on the goodwill of others to support their child.

Each term the BOT puts all the names of those donations that have been made into a draw to give one child the chance to have their fees paid for the following term. The families that have received these in the past have been very grateful. We understand that a donation is voluntary and that it can be at times very difficult to manage. Mrs Reid in the office, is very happy to discuss possible arrangements for meeting this cost for your child. Each small contribution adds up across the course of time and helps to enhance the substance of this school.

A huge thank you to all those families who paid their donation this year.

## Car Parking

Car parking is at a premium here at school an option during drop off and pick up is to park away from the school and walk to school, a great way of building you and your child's fitness and help reduce the carbon footprint at the same time.

The drop off zone that borders the sloping bank will be a 'manned' stop, drop and go area from 8.30am to 8.55am and again from 3.00pm to 3.10pm. In the morning our car park hosts will greet your vehicle and, if necessary, escort your youngsters to their classes. These students and staff will be wearing High-viz jackets. This means you will be able to stop, drop and go in a minimum of time. In the afternoon your children will wait for you on the bank to be retrieved. The teacher on duty will pop your child in your vehicle and you can quickly depart.

Our mobility car parks are in operation in the main carpark, so please ensure that these are used only for the purpose they were designed. Unless you have a mobility card and the card holder is in the car then the spaces must be kept clear.

We have had Kingsway School parents complaining that Silverdale parents are using their back carpark area and it is causing traffic jams. Please do not park in the Kingsway School carpark.

## Pick Up and Drop Off

With our increasing roll we are experiencing more and more cars coming into school to pick up and drop off children. Ideally we would like less cars coming into school you can help with this by parking at Metro Park and walking into school for pick ups and drop offs. The first car park at Metro Park are 400m away which is about a 5 minutes walk, a great way to start the day.

If you are coming into school then please see below maps of the correct way to use the car park on school grounds.

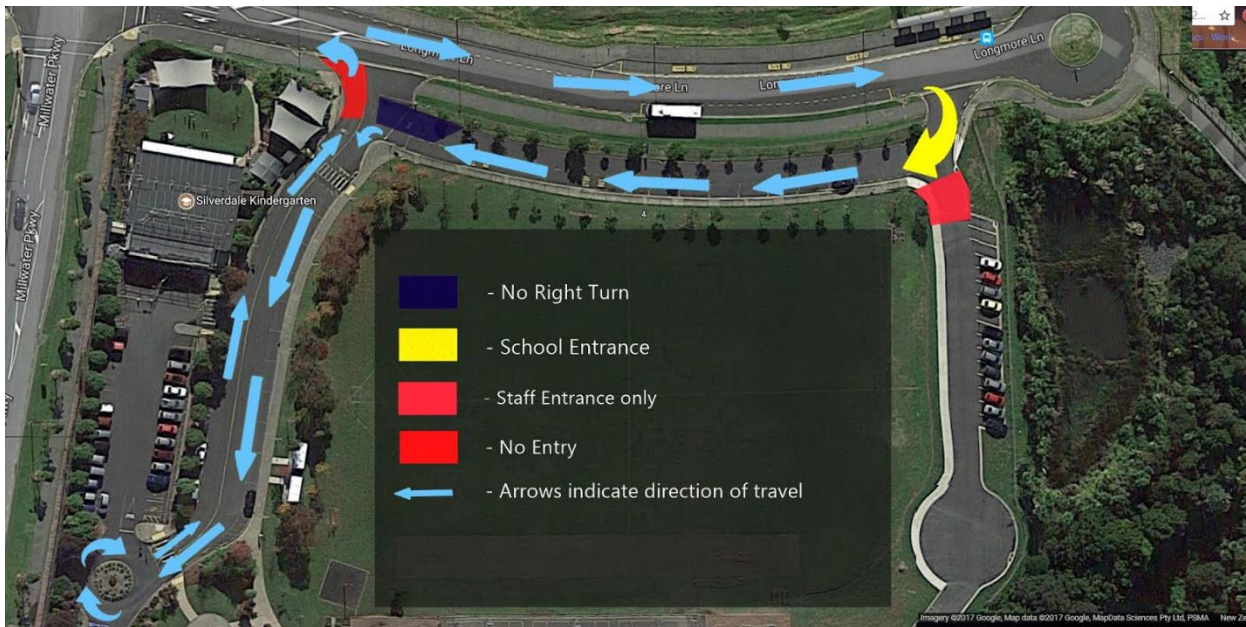

In particular the Stop, Drop and Go there is no parking between 8.00am and 9.00am, and 2.45pm and 3.15pm. If you park in the stop, drop and go this causes congestion for people trying to pick up their children early from kindy or school and for anyone else trying to get into school. Once the school buses arrive and our parents are waiting in the Stop, Drop and Go area for school to finish and this blocks any traffic from coming into school.

We ask that you not park in the Stop, Drop and Go area until after 2.45pm. This will help the flow of traffic arriving and leaving the school.

Thank you to everyone who are following the rules, it does make a difference.

### A couple of reminders:

1. Both carpark are for staff cars only, please do not park in any of the carpark.
2. No parking in the stop, drop and go area until after 2.45pm.
3. At stop, drop and go please do not get out of your car.

### Dental Clinic Parking

A reminder to parents that you must not use the dental clinic car park to drop off or pick up children, thanks for your cooperation in this.

Raising children in the modern world often feels confusing and fraught with difficulties. Even a cursory Google search brings up literally over 1.2 billion different opinions about what parents should and shouldn't be doing. Luckily, even though children themselves are amazingly complicated things (as are we all), you don't have to do a billion things as a parent. Not even half a billion. The actual science is quite clear that a few simple things are all you really need to do. In this entertaining evening Nigel will share what really does matter, and what really doesn't, and give parents some practical ideas for helping their kids through the all important first decade of being a person.

Run during the school term, this programme takes place on the school fields, making it easy for kids and parents, as kids don't have to travel.

Lunch sessions or After School sessions for kids in Years 1 to 6. In these programmes, the kids get to work on their coordination and learn football skills by doing fun activities, playing games and football matches.

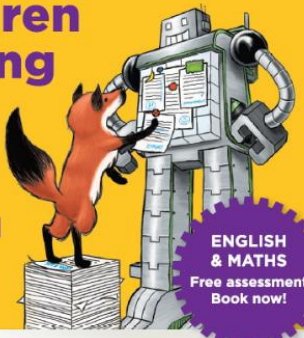

Running in your school during term 4, starting week 2.
