The Resilience Project

The Resilience Project is a schoolwide programme for Years 0 to 6 that provides practical, evidence-based, positive mental health strategies to build resilience and happiness. The programme focuses on three key pillars that have been proven to cultivate positive emotion; **Gratitude, Empathy and Mindfulness (GEM)**. The programme also has a strong focus on **Connection, Purpose, Kindness, Emotional Literacy and Physical Health**. As part of the programme children receive a journal that they will use in their weekly lessons and will be able to take home at the end of the year. Maths-Whizz Year 3 and 4

Maths-Whizz is an online personalised maths programme and it caters for each child's needs. This is an online service and can be used at any time, at home as well as school to support your child's development in maths. We are excited to be able to have our students using Maths-Whizz, as it is proven to be effective in targeting gaps and giving students extra support in those areas and across all of their maths topics. As a parent you will be able to see your child's lesson history, usage and progression in detailed live reports, which your child's teacher can share with you. Access will be given to the students once payment has been made. You can pay through Kindo. For more details go to: <https://www.whizz.com/>

Maths Buddy - Year 5 and 6

The MathsBuddy program was created to give students the opportunity to watch, listen and re-do maths lessons again, to stop and rewind the teacher when needed. MathsBuddy allows the student to learn with the powerful help of sight and sound – a super effective combination.

Reading Eggs Year 2

Reading Eggs makes learning to read interesting and engaging for kids, by using great online reading games and activities that are easy to follow and self-paced.

Children complete animated online lessons where they learn essential reading and phonics skills, The variety of fun activities within each lesson provides the repetition needed for these skills to become part of the child's long term memory.

Children gain confidence by reading online books that contain words that they have already studied in the programme. There are over 2000 books available in the reading eggs programme.
