### **Maths-Whizz Year 3 - 6**

Maths-Whizz is an online personalised maths programme and it caters for each child's needs. This is an online service and can be used at any time, at home as well as school to support your child's development in maths. We are excited to be able to have our students using Maths-Whizz, as it is proven to be effective in targeting gaps and giving students extra support in those areas and across all of their maths topics. As a parent you will be able to see your child's lesson history, usage and progression in detailed live reports, which your child's teacher can share with you. Access will be given to the students once payment has been made. You can pay through Kindo. For more details go to: <https://www.whizz.com/>

**Kindo – Our online school shop.** Kindo is designed to make it easy for you to manage school payments and complete permission forms through a simple website. Kindo links our student records, so student details will be updated automatically. You will not need to enter these when making payments or completing forms.
