

Community / School Notification of Asbestos Removal Works

Date: 12 August 2026

Subject: Notice of Planned Asbestos Removal Works at Silverdale School, 4 Longmore Lane, Silverdale, Auckland

Dear Parents, Caregivers, Staff, Neighbours, and Community Members,

We wish to inform you that licensed asbestos removal works will be carried out at:

Location: Silverdale School, 4 Longmore Lane, Silverdale, Auckland

Scheduled Dates: 15/08/2026

Working Hours: 07:00 – 17:00

The works form part of planned construction activities and will be undertaken by a **licensed asbestos removal contractor** in accordance with New Zealand health and safety requirements.

Safety Measures

To ensure the safety of students, staff, visitors, and the wider community, the following controls will be in place:

- The asbestos removal will be completed outside of school attendance hours.
- The asbestos removal area will be isolated from occupied spaces.
- Access to the work area will be restricted to authorised personnel only.
- Warning signage and barriers will be installed around the work zone.
- Dust suppression and containment systems will be used as required.
- Asbestos waste will be securely removed and disposed of at approved facilities.
- Air monitoring and clearance procedures will be undertaken.

What You May See

- Temporary fencing, barriers, or warning signs.

During the works (after hours and weekends) you may observe:

- Workers wearing protective clothing and respiratory equipment.
- Specialist vehicles and equipment associated with the removal process.

These measures are standard practice for asbestos removal and are designed to ensure the work is completed safely.

Impact on School / Community Operations

- School/community activities will continue as normal.

Further Information

If you have any questions regarding these works, please contact:

Project Manager: Gareth Jenkinson

Organisation: TechClean
